#SHELEADSTECH

WHY BE A MENTEE?

- Life-long career advice and friendship
- Understand what it takes to get to the top and be a valuable resource by answering career/ work related questions and providing good advice.

BEING A MENTEE HELPED ME:

Gain insights into industry trends, practices and workplace ethics

Develop specific competencies relevant to industry and role

Seek a different perspective from an experienced industry expert and manage expectations of the industry versus reality

Be exposed to new ideas and ways of thinking

WHY BE A MENTOR?

- Be the role model I wished I had back when I was still a student/ intern.
- Inspire younger generation to relentlessly pursue their passion in tech.

BEING A MENTOR HELPED ME:

Contribute back to
alma mater

Share experiences
and professional
knowledge

Develop and
enhance personal
leadership and
coaching style

Gain valuable
insights from
mentees of different
backgrounds

BEING A BETTER LEADER AND CONSULTANT

- Passion
- Continuous learning
- Giving back

WHEN ONE PERSON MENTORS, TWO LIVES ARE CHANGED
